TESTIMONIALS

Clement is one of the best IT trainer I ever seen. I am amazed by his expertise in IT security and his vast knowledge in software development. I also admire his devotion in this field and his willingness to help others and grow the ecosystem. I learned a lot of valuable things from him within a short period of time, and I am definitely looking forward to work with Clement in the future.

— **Kai Loon Ooi**, Associate Director, CTB Wealth Platform Lead at Bank of Singapore

"Mr Clement Arul is known to be a highly knowledgeable person when it comes to information security. His vast knowledge in this field has earned him excellent recognitions. I know him as an IT Security Trainer and his classes has been very interesting as it is usually hands-on oriented. I strongly recommend him as a Trainer should you require trainings on information security."

— **Jayaseelan Vejayon**, Registrar and Deputy CEO, Praxis Learning and Training Centre, Ipoh

"Clement is knowledgeable and willing to share his experiences with the class. He explained examples how a hacker can compromise a website and how things happened in detail. Really learn a lot from him through his course."

— **Jackson Wee Yan Bao**, System Manager (Security Administration), Singapore Police Force

"I have attended Clement's web & mobile hacking workshop. He is a kind, friendly, and helpful trainer as he's willing to share his expertise and skills to the participants. Additionally, he has a sense of humour which keep the classroom lively."

— **Jim Meng Kok**, Deloitte Analytics at Deloitte

"Clement is a well experience security expert and a great trainer. His training is interesting, interactive, practical, and attractive to stay focus on his sharing. Based on my 20 years of training experience, I highly recommend him."
